

What is a QR Code? How do I access information from a QR Code?

EVERYONE IS FAMILIAR WITH THE BARCODES THAT ARE PRINTED ON THE THINGS WE BUY AT THE STORE. A QR CODE IS VERY SIMILAR TO A BARCODE BUT IS CAPABLE OF STORING MUCH MORE INFORMATION. IN ORDER TO ACCESS THIS INFORMATION, WE CAN UPLOAD AN APPLICATION ON OUR MOBILE DEVICES TO READ THE CODES.

IF YOU DO NOT HAVE QR SCANNER ON YOUR DEVICE, THERE ARE TWO APPS THAT WILL WORK. GO TO THE APP STORE ICON ON YOUR DEVICE. TYPE **CODE SCANNER** IN THE SEARCH BAR AND DOWNLOAD ONE OF THE FREE PROGRAMS.

A CODE SCANNER ICON WILL NOW BE AVAILABLE ON YOUR DEVICE THAT WILL TAKE YOU DIRECTLY TO THE SCANNER WHEN YOU NEED IT. WHEN YOU COME UPON A QR CODE THAT YOU WOULD LIKE TO READ, JUST TAP THE CODE READING ICON TO ACCESS INFORMATION.
